## DETAILED ACTION

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Matthew Himich on 17 March 2006.

The application has been amended as follows:

Cancel claims 2, 23 and 24.

Amend claim 1 to the following:

"1. A method of identifying a product, comprising:

introducing at least one radio frequency identification tag into a liquid  
being able to retain the tag when the liquid is applied to a surface;  
further comprising applying the liquid to coat the surface."

Amend claims 13, 14 and 21 by eliminating the word "about" in the claim language.

Amend claim 15 by eliminating one of the duplicate limitations of "a lubricant".

***Allowable Subject Matter***

2. Claims 1 and 3-22 are allowed.

3. The following is an examiner's statement of reasons for allowance: with regard to independent claims 1, 12 and 22 the prior art neither discloses nor suggests a method, mixture or article of manufacture comprising introducing at least one radio frequency identification tag into a liquid that is able to retain the tag when the liquid is applied to a surface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
